1 PennDOT informed the Borough that they plan on constructing nine (9) pedestrian ADA ramps along Allegheny Avenue between California Avenue and Archie Street. PennDOT's timeframe to complete the project is forecasted to be between Fall of this year and Spring of 2027.

Announcements

1 **Railroad At-Grade Crossing Upgrades**

In 2019, PennDOT announced it was upgrading railroad at-grade crossings and warning devices at every railroad crossing on a rail line that runs between the City of Pittsburgh and the City of New Kensington. Since then, the warning devices have been upgraded. Recently, Borough staff was informed that the at-grade crossing upgrades are scheduled to be completed this summer. The affected at-grade crossings are at College, Washington and Pennsylvania Avenues and Hulton Road. There will be detours, traffic delays and other inconveniences when this project gets underway. Oakmont will release information on anything regarding this project pertinent to as we receive it.
