

Borough of Oakmont

767 Fifth Street
Oakmont, Pennsylvania 15139
412-828-3232

We're inviting Oakmont residents to join the "Christmas Light Recycling Program", which not only helps the environment but also supports WTAE-TV and Salvation Army's Project Bundle Up. All proceeds from this program go directly to Project Bundle Up, making a meaningful impact during the holiday season, with little effort from you!

The Christmas Light recycling stand will be placed at the Oakmont Carnegie Library on Monday, November 6, 2023, making it super convenient for you, and Michael Bros. Hauling, will take care of collecting the recycled string lights, making it easy for the community.

It is obvious, Oakmont residents are already recycling minded with glass recycling, hard to recycle items, and paper shredding services, so the Borough is enthusiastic about providing this opportunity to recycle their lights!

For more information, please contact Oakmont Borough at 412-828-3232.
